

To whom it may concern: please do not allow the proposed expansion of services of the LPFM stations to take priority over current FM translator, both national and regional, services such as K-LOVE. K-LOVE which is heard on these FM translators provides: 1. family-friendly programming, 2. supports wholesome values and 3. has a positive and encouraging impact on communities all across America including myself and my children. Listen to the music you will hear and feel the difference, it is true reality, the message is of hope and of life, it makes a big difference in my day, whenever I travel I put on K-Love and I find that station along the way to Los Angeles, CA or back to Phoenix, AZ and even up through Denver, CO and such, I always look for K-LOVE on the radio or other such radio stations such as K-LOVE, you would not believe the positive and encouraging influence that these radio stations have. Please do not let K-LOVE go off the air. Thank you for your time and consideration, Sincerely, Pamela L Cruz divorced mother of five grown children (18yrs., 20 yrs., 21 yrs., 23yrs., and 26yrs.) (you would not believe the blessing and the help these radio stations were to me and my children, from parenting advice to listening to uplifting and morally sound bedtime stories, to listening to encouraging music throughout the day as my babies grew up. By God's grace not one of them has ever been promiscuous, not one of them has ever been drunk or used any drugs or been pulled in by the gangs or in trouble with the law and that is something in this day and age. I truly believe that Christian radio stations had a big part in this. I remember one time when I was going through my hellish marriage right before the divorce, I called in to Focus on the Family, which was being broadcast on an FM translator station, and they called me back to see how I was doing (my marriage of 8 years was over and I had 5 precious babies from it.) I really believe that one of the many ways the Good Lord encouraged me and helped me in raising my five precious babies was through Christian radio stations that I heard on the FM-translator stations, that broadcast programs such as Focus on the Family, Insight for Living, the Minirth-Meier Clinic and played encouraging music and uplifting music such as K-LOVE does. Please do not be offended when I use the word Christian, for this is the answer as to how my children turned out to be the way they are. And by allowing radio stations such as K-LOVE to continue broadcasting only God knows how many parents and children you are helping. Please listen with an open heart and feel and see the difference. Thank You.)
